Advice from a Dentist

- 10 It is very important to take good care of your
- 19 teeth. Strong and healthy teeth will help you to
- 29 chew and eat the right foods that will help you
- 38 to grow big and strong. Healthy teeth help you
- 42 to speak clearly, too.
- 52 After you eat, germs can stick to your teeth and
- 59 make something called plaque. Plaque can cause
- 70 holes to form in your teeth if it is not brushed
- 77 away regularly. Plaque can also make your
- 86 gums red and sore. If your gums are not
- 95 healthy, your teeth may start to wobble or fall
- 105 out. Make sure that you brush your teeth at least
- 114 twice per day to keep your mouth clean and

115 fresh.

Quick Questions

1. What can plaque do to your teeth?

2. Which two adjectives has the author used to describe how plaque can make your qums?
