Class 4 Learning Ideas

18th – 22nd May 2020

English

Well done for your hard work over these last few weeks. I have put some links down below for this week's learning, with video introductions and activities that you could do. I will ask you what they are like when we talk next to see how you are finding them.

BBC Bitesize

<https://www.bbc.co.uk/bitesize/tags/zncsscw/year-6-and-p7-lessons/1>

Pobble Website

Please explore Pobble, which has lots of ideas for writing. I've added a link for 'Teapots' below – open up the PDF on the page for activities. Or just click on 'pick a day' and find another Pobble text that interests you.

<https://www.pobble365.com/teapots>

Spellings - Choose 7 spellings from the word list and practise them using your favourite strategies from the list, we know that at least 10 minutes a day works well. Can someone give you a test on Friday? Let us know your score!

Reading

Keep daily reading going at home guys. It's so important that you are reading as much as possible. You may be reading your own books or using the online platforms of Read Theory or EPIC reading (see Ongoing Online Tasks below)

Maths

I know that lots of you are still working hard using your Power Maths activity books. Well done with this. Below are the links for the White Rose Daily Maths lessons too. You may need your parent to do the first one or two with you but after that I think it should be easy for you to do these independently too. Let me know what you think of the lessons and I'll ask you about them when we speak this week.

<https://whiterosemaths.com/homelearning/year-6/>

These links will take you to the video lessons. To find the accompanying worksheet please visit the Goldsborough page on the school website.

<https://www.goldsboroughprimary.co.uk/classes/class-4>

Bitesize

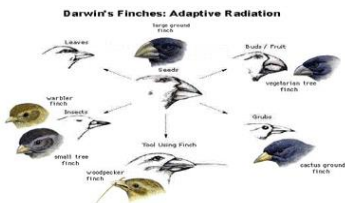

There are also a series of great maths lessons on bitesize.

Project linked to Curriculum Learning – SCIENCE

Evolution and Charles Darwin

Watch this video from oak academy about the theory of evolution. Take part in the quizzes and lessons. They are easy to follow and we would be interested to see how you got on.

<https://www.thenational.academy/year-6/foundation/what-is-the-theory-of-evolution-year-6-wk1-3>

Optional online clips for this week - Oak National Academy

MUSIC - To identify pulse and rhythm in music

<https://www.thenational.academy/year-6/foundation/to-identify-pulse-and-rhythm-in-music-year-6-wk4-5>

SCIENCE - How do fossils provide evidence for evolution?

<https://www.thenational.academy/year-6/foundation/how-do-fossils-provide-evidence-for-evolution-year-6-wk2-3>

ART - Optical Illusions and using shading to show form

<https://www.thenational.academy/year-6/foundation/optical-illusions-and-using-shading-to-show-form-year-6-wk3-5>

OR Whole School Project for all ages: The Human Body

Find out about: The Human body and showcase your learning in any way you choose. You could draw pictures of the human body and label the main organs and/or body parts. What do they do? Can you carry out research to see what each organ does? You could create a healthy plate to show what the human body needs in order to function. Can you create a workout for a family member, with the aim of maintaining a healthy lifestyle? Did you know that the human body is made up of 206 bones? You could carry out your own research to create a file of interesting facts.

Here are some links to get you started:

<http://www.crickweb.co.uk/ks2science.html>

<https://www.bbc.co.uk/bitesize/topics/zcyycdm>

<https://www.nhs.uk/change4life>

Challenge: Your body is incredible and can do so many amazing things. Can you challenge it? How many star jumps, push ups and tuck jumps can you do in 30seconds? Can you beat this?

Federation Daily Challenges

@GS_Federation Monday Daily Challenge!

HOUSE OF CARDS

Today's challenge takes some skill...

Find a pack of cards (doesn't matter what cards they are!)

Can you build a house of cards from them? How many tiers can you make it?

Take a picture and share your creation!

@GS_Federation Tuesday Daily Challenge!

FLOATY BOATY

Can you make a paper boat and try and make it float?

What will you need to do? What structure will it need to have?

Think about if it might need something else to help it...

We'd love to see a picture or video of your attempts!

@GS_Federation Wednesday Daily Challenge!

COIN CATCH

Can you catch a coin? You're going to need quick reflexes for this one!

1. Put the back of your hand on your shoulder with your elbow straight in front of you.
2. Pull your elbow quickly to your side (it will make the coin go into the air!)
3. Flip your hand over and...
4. CATCH THE COIN!

If you find it easy, can you use 2, 3 or 4 coins and catch them? We can't wait to see your attempts at this!

@GS_Federation Thursday Daily Challenge!

HUMAN SHAZAM

Shazam is an app that can identify music from a few seconds of the song being played.

Can you make a 10 song music quiz for your family to be human shazams to? Or, can someone in your household make a quiz for you to be a human shazam?

Maybe you could make a video of the song intros for us to guess!

@GS_Federation Friday Daily Challenge!

BUSY BUGS

There will be lots of different bugs living outside, even in your garden.

Can you see what bugs you can spot and then design and make them a bug hotel?

Think especially about what materials you use - they should be natural - no extra plastic in the environment!

We would love to see a picture of your designs.

We really love to see all the photos and work you send to us on Twitter @GS_Federation or by email to the admin email address - please keep sharing your work!
