

How Goldsborough got its name

by Daisy

Once along time ago a girl called Flow sat alone all day long. All the girls in school were mean to Flow for having short hair. A long, long day later a boy called Dave said to Flow she can be his friend. Flow happily asked if Dave wanted to go for tea. Dave smiled and said yes and they had a sleep over. Flow and Dave had a midnight feast.

Sadly the next day Dave had no time for Flow. He became popular and Flow sat alone all day. The kind beautiful Goddess Rhea became mad at Dave. Sadly Dave played any games that Flow didn't like. Flow was really really sad now because Dave played with the girls that bullied her.

Rhea asked her brother Jupiter to give Dave bad luck, but all that did was make him more popular. Rhea got really really mad. At once she asked her brother Jupiter to flood Daves house along with him and his family. At once she gave Flow long golden hair and money, she even gave her gold infact loads of gold and she kindly gave some of her precious money and shining gold to homeles people and their pets. The homeles people used that gold to build a city and named it Goldsborough after kind Flow with the long golden hair.

And thats how Goldsborough got its name.
