

# Goldsborough Christmas Community Project

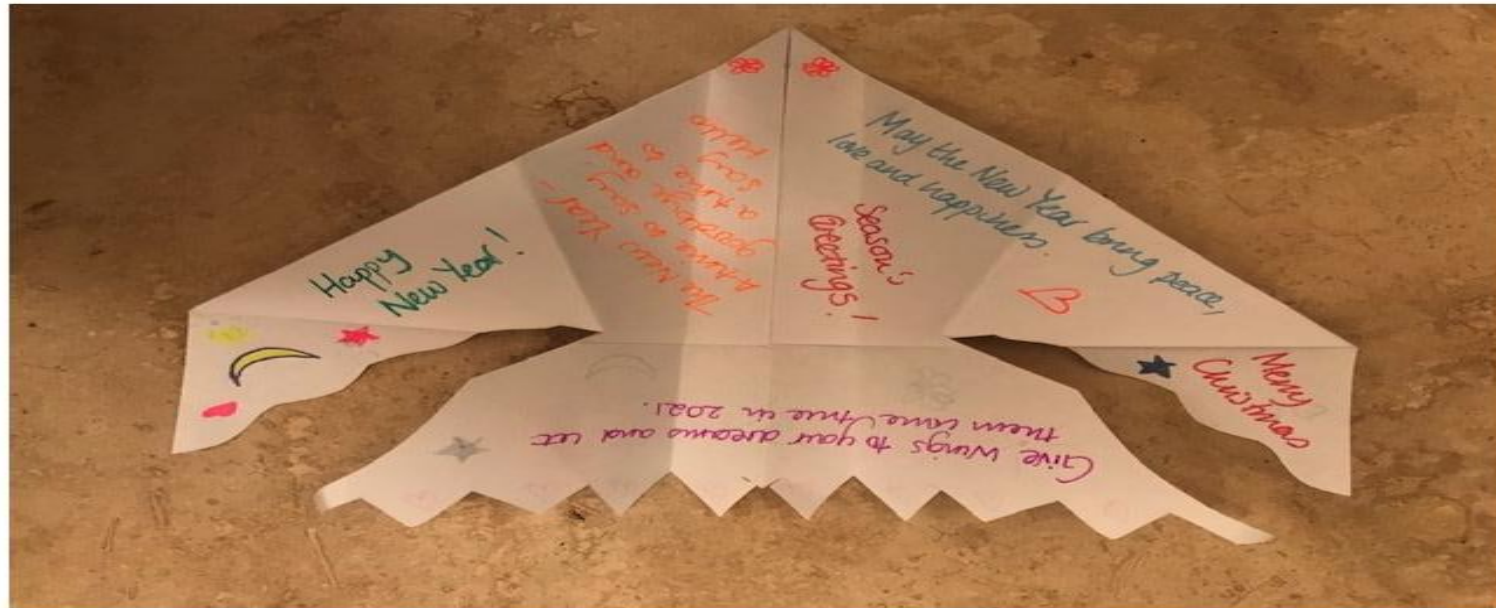

We are going to use our creative skills to decorate a peace dove.

The peace doves will be given to people across the Goldsborough and Knaresborough District through the Church.

Please decorate your peace dove using as many different colours and designs. Do not put your name on any of your drawings.

You may wish to write your own Christmas and New Year messages on the underside of your dove – here is an example:

If you need help with a message, here are some examples:

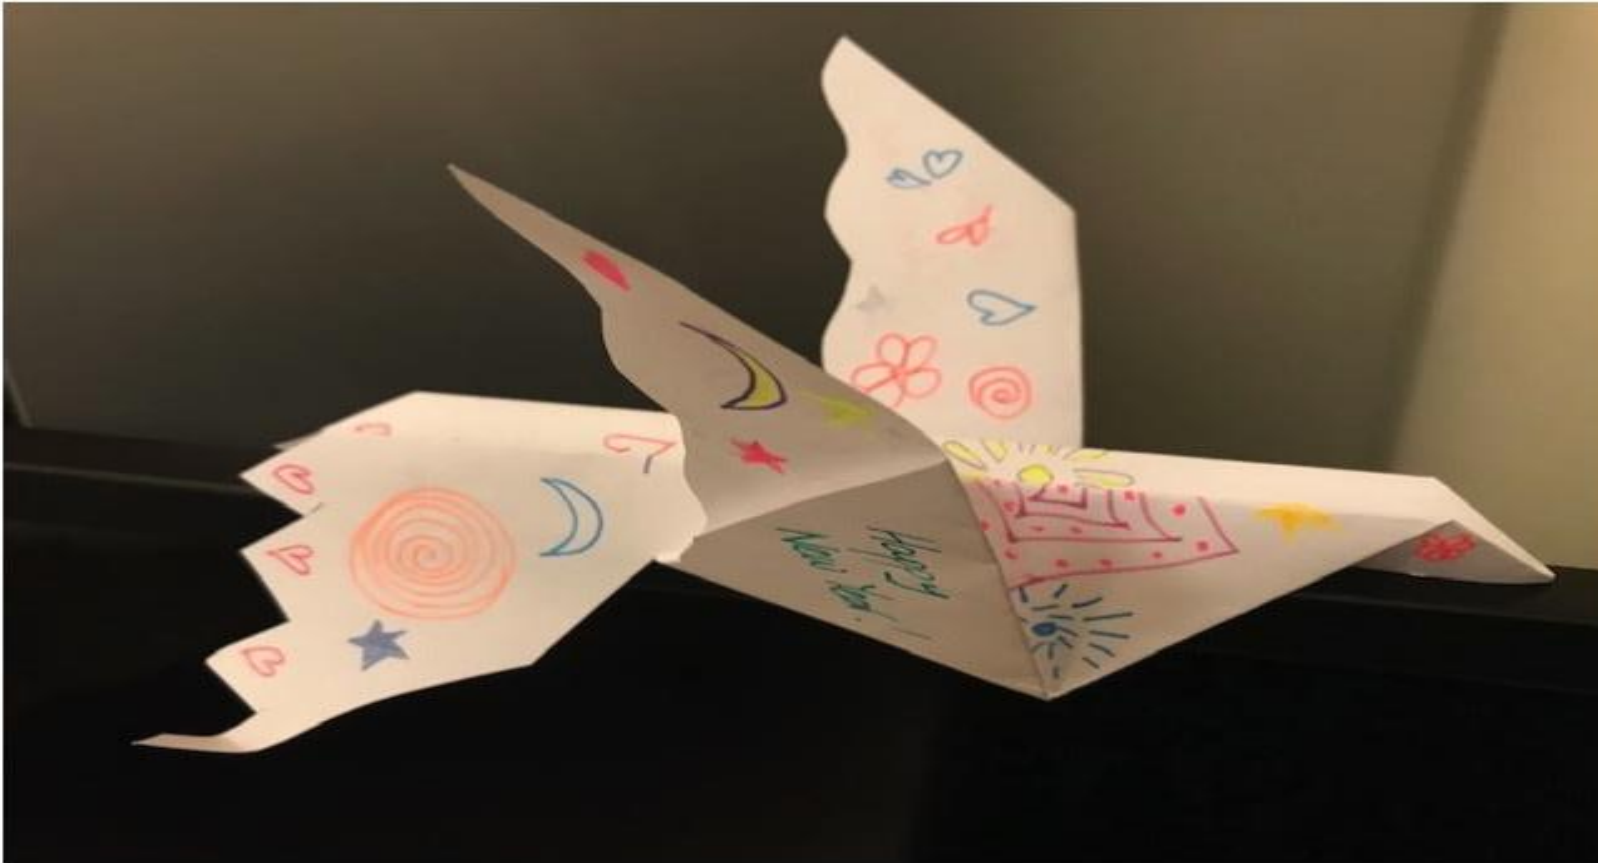

- Merry Christmas
- Season's Greetings
- Happy New Year!
- May the New Year bring peace, love and happiness.
- Give wings to your dreams and let them come true in 2021.
- The New Year – a time to say goodbye and a time to say hello.
- Christmas spells out love, hope and joy. Pass it on to everyone in your life. Have a great Christmas.
- Love, joy and peace are the ingredients for a wonderful Christmas. We hope you find them all this festive season. Have a Merry Christmas and a Happy New year!

# On the top of the dove be really creative...

Here is an example:

When you have finished, fold your dove back to its original shape.

# Thank you!

- Your lovely art work is going to make someone feel very special in the local community.
- For many people, including those who live on their own, your thoughtfulness will make a huge difference to their Christmas and New Year.
