

How Goldsborough got it name

Long ago on a massive green hill there were two competing family how live in each place on the same hill they both were summer sands. And they give some of their food to a peaceful village but it solely to expand and the villagers decided to pick. A leader and both families competed in the competition the 1st family pick Godel and the 2nd family pick Sicil and they were two strong men.

there were a letter in the village the tournament was really over Sicil was determined to win. But some Godel's family got away with some Sicil found out. A quarrel began between Godel plant all day but at night he looked after his family so that night Sicil snuck he first put pedals. Everywhere and second he planted some weeds seeds but the cool put on so it in a blink of an eye he gave a wharm breeze of wind so the animals push the rocks away. but they couldn't stop the seeds so when they weeds grow it took Godel's crops so how won.
