Dear Parent

ELECTION OF PARENT GOVERNORS

I am writing to let you know that there is to be an election of Parent Governors. The federated governing board, when it is complete, will be made up of 13 Governors of which two will be elected by the parents. There are currently two parent governor places to be filled. Existing parent governors who currently serve each school's local board are eligible to apply for these positions on the newly constituted board.

The term "parent" includes anyone who has custody of a child registered at the school, as well as "natural" parents. Parents can stand for election and vote in secret in the election, if a ballot is needed.

As well as parents, the governing body is made up of a governor nominated by the Local Authority (the County Council), school staff, the headteacher and governors appointed by the rest of the governing body (co-opted governors). There are also two foundation governors due to Goldsborough School's status as a Church of England (Voluntary Controlled) Primary School.

Parent Governors have a four year term of office and continue to serve even if their child(ren) leaves the school during this period.

What Do Governors Do?

The governors' work affects most aspects of the school's work.

Once appointed or elected, all governors must operate in the best interest of pupils, not as representatives to lobby on behalf of their constituency. Their task is to govern the school.

Happiness

This means focusing on the core functions of providing strategic leadership, holding the headteacher to account and making sure the school's money is well spent. This is a demanding task for which all governors need to have, or develop, relevant and appropriate skills.

The governors, together as a body, have a range of legal responsibilities, so being a governor is an important commitment and new governors are required to attend training to help them learn what is entailed. Parents interested in taking on the role of governor should be able to commit the time to attend all meetings (which usually take place during early evenings each half term) and spend time in school alongside other governors to support and challenge the school's work.

We are looking for governors to fill the following skills gaps as identified by the Governing Body:

- Financial management and/or experience of strategic budget allocation and financial forecasting.
- Education or academic experience, including assessment of effectiveness of curriculum and/or aims of an establishment.

Do Parent Governors have Special Responsibilities?

No. Parent Governors do not have "extra" duties. All governors are equally responsible and discharge their responsibilities as a body, not individually. The Parent Governors speak as parents: they can't speak for all parents. Are there any restrictions which could disqualify parents from becoming Parent Governors?

Yes, but they are unlikely to apply to most parents considering becoming a parent governor. The restrictions are contained in the School Governance (Constitution) (England) Regulations 2012, regulation 16 and subsequent amendment Regulations. A copy of these is attached as a Self Declaration form. Parents putting themselves forward for election will be required to sign this form and return it with a nomination form. If any of the restrictions apply you should not proceed with your nomination as a governor. Also, you are disqualified from election or appointment as a parent governor if you are an elected member of the local authority (-or if you are paid to work at the school for more than 500 hours in any twelve month period commencing on 1 August and finishing on 31 July).

Governors are subject to enhanced DBS checks and the elected parent will be provided, by the school with the requisite form to complete and take to the headteacher along with proof of identity (as detailed in the list of Valid Identity Documents). The headteacher will then pass the completed form to the DBS Unit at County Hall for checking and forwarding to the DBS, Liverpool. The term of office of the successful candidate (s) will only commence once a clear enhanced DBS

Disclosure has been received by the school. It is recommended that you discuss this with me if you have any concerns over issues which may be highlighted by the Enhanced DBS as they may not exclude you from acting as a Parent Governor.

How are Parent Governors Elected?

Parent Governors must be people (aged at least 18) who have a child(ren) at the school when they are elected. Nomination forms are available from the school. Each form must be signed by the candidate. Candidates can also make a short statement about themselves - a simple form for this purpose will be provided with nomination forms. Return the form to me as quickly as possible.

If more nominations are received than there are places to fill, there will be a secret ballot and I will send to each parent, ballot forms (1 per parent) and envelopes for their return. The form explains how votes may be cast.

If the number of nominations received is the same as the number of places to be filled, then those people will be declared elected. If there are fewer, those nominated will be declared elected and it will be for the governing body to fill any remaining vacancy by appointing a parent governor.

The rules for the election are written down in Procedures set by the Local Authority, and these can be inspected at the school.

Result of the Election

The names of those elected will be displayed at the school for at least seven days and will be included in the next edition of the school prospectus or placed on the school website.

Anyone having any query about the election is invited to contact the school.

Yours sincerely

Matt Shillito
Headteacher and Returning Officer

The Constitution of governing bodies of maintained schools March 15 added the following requirements for all governors and governing bodies:

Publication of Governor's Details and the Register of Interests

24. Governors hold an important public office and their identity should be known to their school and wider communities. Governing bodies should therefore publish on their website information about their members. The information they should publish should, as a minimum include for each governor:

- their name;
- their category of governor;
- which body appoints them;
- their term of office;
- the names of any committees the governor serves on; and
- details of any positions of responsibility such as chair or vice-chair of the governing body or a committee of the governing body.

25. Governing bodies should also publish this information for associate members, making clear whether they have voting rights on any of the committees they serve on.

26. From 1 September 2015, governing bodies will be under a duty to publish on their website their register of interests. The register should set out the relevant business interests of governors and details of any other educational establishments they govern. The register should also set out any relationships between governors and members of the school staff including spouses, partners and relatives.

27. Governing bodies should make it clear in their code of conduct that this information will be published on their governors and, where applicable, their associate members. Any governor failing to reveal information to enable the governing body to fulfil their responsibilities may be in breach of the code of conduct and as a result be bringing the governing body into disrepute. In such cases the governing body should consider suspending the governor.

I declare I have read the publication of governor's details and register of interest requirements and I agree to the publication on the school website:
