Google 'Google Trek' or use the link below:

You have the choice to explore lots of different places including Great Barrier Reef (Australia), Taj Mahal (India), Pyramids of Giza (Egypt) and Everest Base Camp (Nepal) - there are loads to choose from!

Planning:

As you are exploring, make a few notes about the following:

1. Choose a Trek.

I chose \_\_\_\_\_ because \_\_\_\_\_

2. Write 5 things you found out on this Trek

3. Would you like to go there on your holiday? Explain why.

4. Out of 5, how would you rate this Trek and why?

Can you create a review of where you visited on your Google Trek?

This could be for a blog, a magazine article (Double Page Spread!), a Trip Advisor review or, if you're an aspiring YouTuber, you could even record it for a Vlog!

What would your playlist be for your journey? Can you find a good soundtrack to accompany you?
