

# CLAIM THE LAND

# HOW TO PLAY:

Split the group into four teams, give each team a small ball.

One at a time, children must step up to the white cone and roll their ball out, aiming to hit a cone.

They collect the first cone they make contact with and return with it and their ball.

Once all the cones have been taken, count up the amount of cones each group has and the group with the most cones is the winner.

## EQUIPMENT:

- 4x Balls
- Cones

## PROGRESSION:

- Instead of rolling the ball out, they could instead kick the ball.

## DIFFERENTIATION:

- HA: Each group can only aim for - and collect - their own team colour.
- OR Pull the 'rolling line' further away from the cones.
- LA: Place the 'rolling line' closer to the cones.
