

Long Term Overview: Computing

Computing is divided into three areas:

Digital Literacy, Computer Science and Information Technology

All areas will be taught across both Cycle A and B but using clear year group skill progression

Units may be moved around as long as each area is covered.

		Class 1	Class 2/Cherry Blossom		Class 3/Silver Birch		Class 4/Willow	
	Autumn		Digital Literacy E-safety	Computer Science Problem Solving	Digital Literacy E-safety	Computer Science Problem Solving	Digital Literacy E-safety	Computer Science Problem Solving
	Spring		Digital Literacy Using IT beyond school	Computer Science Programming and Logical Reasoning	Digital Literacy Using IT beyond school	Computer Science Programming and Logical Reasoning	Digital Literacy Using IT beyond school	Computer Science Programming and Logical Reasoning
	Summer		Information Technology Creating Content	Information Technology Creating Content	Information Technology Creating Content	Information Technology Searching Content	Information Technology Creating Content	Information Technology Searching Content
