Knowledge Milestones: Geography – Y4

Year 4 – Key Milestones

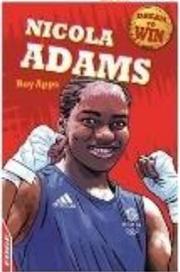

Topics Cycle A	Autumn 2 Lake District (Weather/ Tourism) - UK	Spring 2 Volcanoes and Earthquakes	Summer 2 Local Geography -Leeds/Yorkshire
Topics Cycle B	Autumn 2 South America	Spring 2 France – Region of Europe	Summer 2 Great Britain

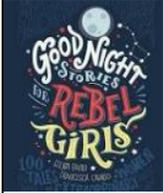

Cycle A **Autumn 2 Lake District (Weather/Tourism) - UK**

<p><u>Knowledge specific milestones</u></p>	<p>Emerging:</p> <ul style="list-style-type: none"> I can locate the UK on a world map. I can names the 4 countries of the UK and label them on a map. I can locate North Yorkshire and Cumbria on a map. I can explain why Cumbria is also called the Lake District. I can describe what a lake and a mountain are, using geographical vocabulary. I can name one lake and one mountain in the Lake District. I can match features from aerial photographs to maps, working as part of a group with support. I can compare temperatures in the Lake District at different times of the year. I can say how the Lake District has changed in recent years (e.g. Pooley Bridge washed away in flooding) I can describe the landscape of the Lake District in an information leaflet. <p>Expected (meets all Emerging milestones plus):</p> <ul style="list-style-type: none"> I can locate the place where I live and describe where it is in the UK using North, South, East and West. I can locate the Lakeland Fells on a map. I can match features from aerial photographs to maps. I can compare and comment on changes in temperature and rainfall in the Lake District at different times of the year. I can explain what tourism is. I can answer the question - What is the landscape of the Lake District like? I can explain how the landscape of the Lake District has changed and suggest why. I can create a persuasive leaflet to encourage people to visit the Lake District. <p>Exceeding (meets all previous milestones plus):</p> <ul style="list-style-type: none"> I can give a detailed explanation of what a lake and a mountain are. I can explain the difference between a mountain and a fell. I can name at least 2 lakes, a mountain and a fell in the Lake District. I can use a number of aerial photographs and maps to locate features of the Lake District. I can explain changes in the weather in the Lake District and illustrate my understanding using charts or graphs. I can choose my own resources to help me to answer the question – What is the landscape of the Lake District like? I can explain the impact which tourism has on the Lake District. I can suggest how the landscape of the Lake District may change in future. I can produce a persuasive leaflet to encourage people who visit the Lake District to be careful tourists.
---	---

<p>Cultural diversity/gender equality</p>		<p>Beatrix Potter - responsible for lots of tourism in Lakes, different because she was the first female published under own name and famous in own lifetime. She was actually a well-educated and keen natural scientist and carried out research into reproduction of type of mushroom. She was not allowed to present her research herself because she was a woman! Posthumous apology issued.</p>
<p>Cycle A Spring2: Volcanoes and Earthquakes</p>		
<p>Knowledge specific milestones</p>	<p>Emerging:</p> <ul style="list-style-type: none"> • I can name the continent and I know that I live in Europe. • I can describe where the UK is located in Europe using North, South, East and West. • I can relate the continent, country, county and town where I live. • I can use a globe and map to show the position of the poles, the equator and the Northern and Southern Hemisphere, the tropics of Cancer and Capricorn. • I can locate the UK, Italy, Russia and 2 other countries on a map of Europe. • I can describe the significant features of a volcano and how they change, in writing and diagrams. • I can explain what happens when a volcano erupts. • I know that Mount Vesuvius was the volcano which destroyed Pompeii. • I can explain what happens during an earthquake. • I can suggest how places may be changed by a volcanic eruption using Pompeii as an example. <p>Expected (meets all Emerging milestones plus):</p> <ul style="list-style-type: none"> • I can name a number of countries in Europe and their capital cities and locate them in an atlas. • I can describe the location of European countries in relation to each other using North, South, East and West. • I can recognise lines of latitude and longitude on a globe and suggest their purpose. • I can explain what the 'ring of fire' is and make links to volcanoes and earthquakes. • I can name 3 volcanoes from around the world. • I can, explain the features of an area associated with earthquakes. • I can describe several physical features of volcanoes and describe how they change using writing and diagrams. • I can use appropriate geographical vocabulary to explain what causes an earthquake. • I can suggest how a place may be changed by a volcanic eruption or an earthquake. <p>Exceeding (meets all previous milestones plus):</p> <ul style="list-style-type: none"> • I can name a number of countries in Europe, their key natural features and locate them in an atlas and on a globe. • I can describe the location of European countries in relation to each other using an 8 point compass. • I can explain the significance of latitude and longitude including the Prime /Greenwich Meridian. • I can name countries in the 'ring of fire' and name places which have experienced volcanic eruptions and earthquakes. • I can write an explanation about a volcanic eruption or an earthquake using appropriate geographical vocabulary.

Cycle B	Spring 2: France	
<p><u>Knowledge specific milestones</u></p>	<p>Emerging:</p> <ul style="list-style-type: none"> I can describe where the UK is located in Europe using North, South, East and West. I can name a number of countries in Europe including Russia and locate them on a map I can use a globe and map to show the position of the poles, the equator and the Northern and Southern Hemisphere, and the tropics of Cancer and Capricorn I can ask geographical questions about a region of France. I can sort physical and human geographical features of a region of France. I can use I can use a map, digital images and aerial photographs to locate an area and describe it simply. I can compare a range of maps including digital maps to identify familiar places. <p>Expected (meets all Emerging milestones plus):</p> <ul style="list-style-type: none"> I can name a number of countries in Europe and their capital cities and locate them in an atlas. I can describe the location of European countries in relation to each other using North, South, East and West. I can recognise lines of latitude and longitude on a globe and suggest their purpose. I can ask geographical questions about a region of France. I can identify landmarks as physical or human features of a region of France. I can recognise patterns on maps and suggest what they mean. I can use and compare maps of different scales, including zooming functionality on digital maps to allow me to look more closely. I can make a detailed map of a short route with features in the correct order and in the correct places using 4 figure grid references, 4 compass points, symbols and a key. <p>Exceeding (meets all previous milestones plus):</p> <ul style="list-style-type: none"> I can name a number of countries in Europe, their key natural features and locate them in an atlas and on a globe. I can describe the location of European countries in relation to each other using an 8 point compass. I can explain the significance of latitude and longitude including the Prime /Greenwich Meridian. I can suggest physical and human features of a region of France from studying maps, digital images and aerial photographs. I can add annotations when using digital maps. I can recognise patterns on maps and explain what they show. I can make detailed sketch maps of 2 regions of France, in the correct places using 4 figure grid references, 4 compass points, symbols and a key. I can use, present and compare information gathered in fieldwork using a range of maps about 2 regions in France.
